POPE FRANCIS AND HIS CRITICS

Historical and Theological Perspectives

James J. Bacik; foreword by Martin Marty

Pope Francis and His Critics offers a broad assessment of Francis and his pontificate, keeping in mind important criticisms mounted by his detractors. An opening chapter summarizes a representative sampling of five-year evaluations of the Francis papacy. Subsequent chapters take up the views of the first Latin American pope as well as his critics on specific topics: gender issues, work and business, consumerism, caring for the poor, liturgy, communion for divorced and remarried, and clergy sex abuse.

A distinctive feature of the book is a careful analysis of the recent book, *To Change the Church*, by Ross Douthat, which has received much attention in the religious and secular world.

136 pages 5 3/8 x 8

978-0-8091-5453-1 Paperback \$14.95

James Bacik is a priest of the Diocese of Toledo, OH. He served in university parishes for over 40 years. He holds a doctorate in theology from the University of Oxford.
